*Our Time to Shine*

## PE funding 2020-21

Our funding for this year is again around **£18,000** from the DfE, with £4,000 carried forward from last year. These are our desired outcomes from spending this allocation.

### Aims:

We aim to be awarded the Gold School Games Mark for a sixth year in a row, as well as achieve the Platinum Award, if this is possible with the current restrictions. We also aim to maintain the silver County Durham Leadership award and work further towards achieving the gold award. Last year every child in year 5 achieved at least a bronze leadership award for all of the work they did around school including leading games, refereeing, leading warm-ups and running competitions, with some achieving silver and moving towards gold. We hope to maintain a high level of leadership involvement this year, however leadership will need to be developed in every class to maintain the integrity of the Bubbles. We receive 10 places within the scheme we have registered to take part in the training, however we will supplement an additional £140 (£7 per child) so more children can be a part of the training. Added to this, the cost of updating resources for the leaders, including the introduction of table tennis, we have allocated a total of **£2,000**.

We subscribed to the enhanced SLA from the SSP. This entitles us to attend any of the competitions they will run throughout the year. If possible, we plan to attend even more competitions again this school year and for every class to attend a festival again. Funding will not be used to supplement the fee of buses to transport children to and from sporting events due to Covid this year. One of the aims of the sports premium is to provide a broad range of sports and activities to all pupils, so this year our coaching plan from the SSP will include; yoga, cycling, fencing and archery. We aim to use the support we get from coaches to increase confidence, knowledge and skills of all staff in teaching PE and sport. We will also receive EYFS support, a disability sports day, an intra school day and a judo taster day. We will also be supporting our pupils' mental health

### *Our Time to Shine*

through Team Up sessions and inspirational days from recognised athletes. Cost of SLA - **£8,500.**

Mrs Picard will continue to support one afternoon of Forest Schools. We also aim to raise the participation levels further in extra-curricular clubs, by offering an extensive range of sporting clubs. Cost - **£4,000.**

Additionally, funding (including last year's carry forward due to Covid) will be used to pay for new resources for PE, our intra-school league and Forest Schools to enhance the lessons we provide. Finally, Active 30 is of high importance and we will continue to enhance our provision to ensure that every child achieves 30 minutes of moderate to intense activity every day within school. We have signed up to the Durham Active 30 pledge, which will support us with resources and give us the chance to earn rewards for our Active 30 efforts with a plan to role out Moki devices across school to monitor and encourage exercise . Cost - **£7,500.**
