

Tudhoe Colliery Primary School – Impact of Pupil Premium Strategy 2019/20

Background

Pupil Premium is a government initiative designed to target resources on those pupils deemed to be from a disadvantaged background. Specifically the pupil premium money is provided for:

- Children who are in receipt of free school meals (FSM) **£1,320**
- Children who have been in receipt of FSM at any point in the last 6 years (Ever 6) - **£1,320**
- Looked after children (LAC) – children in the care of, or provided with accommodation by the Local Authority - **£2,300**
- Children who have ceased to be looked after by a local authority because of adoption, a special guardianship order, a child arrangements order, or a residence order (PLAC) - **£2,300**

A smaller provision of £300 is provided for 'Ever 6 service' children: those recorded in the January 2019 census who were eligible for the service child premium since the January 2014 census, as well as those recorded as service children for the first time on the January 2019 census. These children are not classed as 'disadvantaged.'

Neither the school, nor any government agency have dictated how the Pupil Premium money should be spent; schools have the freedom to spend the premium in the way they see best to raise the attainment for the most vulnerable pupils and narrow the gap between the highest and lowest achieving pupils.

Our pupil premium budget for 2019/20 was **£69,120**.

Data from March 2020– school percentage **25%**

	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
% disadv	7%	27%	7%	37%	27%	30%	32%
FSM/Ever 6	2	6	3	10	8	8	6
LAC		1					
PLAC		1		1	1	1	1
Forces		1	1				

Tudhoe Colliery Primary School Pupil Premium Strategy 2019/20

This represents a barrier when the funding allocation is so irregular. Our provision for pupil premium therefore needs to be flexible and regularly reviewed. Different cohorts also have very different needs and barriers, however we have identified the following as main barriers for our disadvantaged children in school:

Low starting points: Our disadvantaged pupils commonly show low levels of literacy and language on entry to school, compounded by the fact our pupils come from up to 7 different nurseries, or have no nursery provision at all.

How do we overcome it? Focusing high levels of staffing in Reception and KS1 to ensure that children get off to a good start.

Less home support with learning: Our disadvantaged children often have less support with learning activities at home. They are less likely to complete homework than their peers, less likely to read with an adult.

How do we overcome it? Using catch up interventions in school to complete homework tasks; online homework that children can complete independently; Systems set up to ensure all children are listened to read in school.

Limited experiences outside of school: Our disadvantaged children often have less experiences outside of school, e.g. visits to places of interests e.g. museums, theatres etc.

How do we overcome it: We have a Tudhoe 30 list of experiences that all children will have by the time they leave our school. We also make sure that each term every class has a trip/visitor/other experience linked to their topic. At the moment, trips are funded for all children through budget allocation and through the Friends of the school, meaning finances would never mean a child missing out on an experience.

Key Principles in our PP approach:

- 1. High Quality first wave teaching** – *Research from the EEF shows that what happens in the classroom makes the biggest difference and that improving teaching quality leads to the greatest improvements (EEF Closing the Attainment Gap, 2018)*
We believe that high quality, first wave teaching and support within lessons is the starting point for success for our pupils and we invest heavily in teacher professional development, both in terms of in school support and external training.
We will spend **£23,000** to keep two additional part time Teaching Assistants, resulting in every year group in school having at least 2 fully trained educators, providing high quality learning opportunities in English and Maths lessons every morning. Consequently,

Tudhoe Colliery Primary School Pupil Premium Strategy 2019/20

there will be very little whole class teaching in our school, with adults working with all groups in small targeted learning sessions. This system ensures that the work is differentiated to the needs of the children, building on from the previous day's outcomes, making it relevant, challenging and pitched to the needs of the various groups of pupils.

2. Early intervention – *Research shows that high-quality early years provision, with strong educational focus and activities to support early reading and language concepts is highly beneficial for disadvantaged children (The Pupil Premium Making it work in your school – Oxford School Improvement 2015).* As a result, we will spend **£7,000** on an EYFS apprentice to ensure that our Reception children get off to a strong start, allowing us to teach within smaller groups and run interventions to address weaknesses in CLL, particularly in speaking, reading and writing.
3. Flexibility – *The Oxford University Press Pupil Premium report highlights the process of ‘analysis, action, evaluation and review’ as key to sustaining school improvement. They highlight the importance of using data to identify needs of PP children and explains the need to ‘match strategies and interventions to current learning needs to prevent or close gaps.* From September 2019, we will spend **£15,500** employing an extra Teaching Assistant in Year 5 to support the disadvantaged children and help them close the gap with their peers. Our pupil premium is constantly evolving and staffing reviewed to reflect the changing needs of our children. This is the starting point for staffing based on attainment information from the end of the 2018/19, but will change as the need of our children evolve. Our support staff understand the need for flexibility and that they can be re-deployed in different classes depending upon changes in need throughout the year.
4. Targeted Intervention – In their 2018 ‘Closing the Attainment Gap’ report, the EEF stated that *‘Targeted small group and one-to-one interventions have the potential for the largest immediate impact on attainment.’* Following on from the morning sessions, we will spend the remaining **£22,235** to employ 5 of our morning support staff in the afternoons, delivering targeted interventions (some planned and some reacting to the outcomes from the morning lessons) to ensure all our pupils achieve and make progress that at least matches that of non PP children, and consequently be the best that they can be.
5. Regular Monitoring The progress of our disadvantaged pupils will be closely monitored by the DHT who will report regularly to the Headteacher and governors, informing them about the progress and development of our disadvantaged pupils and the impact our interventions are having in relation to closing the gap. Senior leaders and governors carry out pupil premium strategy reviews

Tudhoe Colliery Primary School Pupil Premium Strategy 2019/20

termly to ensure good value following our moderation session midway through each term, which may result in the re-deployment of staff or a change of strategy.

6. [Experiences for all](#) – We believe that all children should have access to a full range of experiences to enrich their learning. Through £3,500 of funding from the Friends of the school to go towards all school pupils (plus general school budget allocation) and £2, 500 of pupil premium funding to fund pupil premium pupils, we are able to ensure that cost is not a barrier to children developing cultural capital. Through the Tudhoe 30, we have a range of experiences children will have the opportunity to take part in during their time in school and this funding ensures this is open to everyone.
7. [‘Pupil Premium’ is just one measure of being disadvantaged:](#) In developing provision for socially disadvantaged pupils we recognise that not all pupils who receive free school meals will be socially disadvantaged. *We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.*

Tudhoe Colliery Primary School Pupil Premium Strategy 2019/20

Long term goal	How?	Impact – how will it be measured?	Actual Impact
<p><i>Achievement for all.</i></p> <p>To ensure pupil premium children leave primary school at/above national expectations in key areas of Reading, Writing and Maths.</p>	<ul style="list-style-type: none"> • High quality first teaching aimed at the needs of the children • Targeted and focused intervention to ‘close the gap.’ • Flexible staffing to ensure support can be targeted in areas of most need • Termly monitoring of progress and subsequent reviews of staffing 	<p>Target for each year group to reach or exceed national expectations in Reading, Writing and Maths for non-disadvantaged pupils:</p> <p>KS1: 79% Reading, 72% Writing and 78% Maths.</p> <p>KS2: 77% Reading, 81% Writing and 80% Maths.</p>	<p><u>End-year point:</u> Achieving target: Y1, Rec, Y3 Partially achieved: Y6 (Writing target); Not achieving target: Y2 (all); Y5 (all), Y4 (all) <i>Action – Action can't be taken until school reopens after COVID-19 closure.</i></p>
<p>Every child a reader.</p> <p>For 90% of PP children to be reporting positive attitudes to reading.</p> <p>All children, having an opportunity to be heard read within school through our ‘Book Club’ system.</p>	<ul style="list-style-type: none"> • Communicating and engaging with parents • Quality books in school matched to the interests of children • Regular monitoring of home reading and discussions with children • Regular monitoring of changing attitudes to reading • Staff as reading role models 	<p>Regular reading conversations with children about attitudes to reading.</p> <p>Regular reading surveys to establish attitudes to reading.</p>	<p><u>End-year point:</u> Pupil voice of PP children showed vast majority of children showed positive attitudes towards reading. School have developed a reading survey to be used when we return to more formally establish children’s attitudes towards reading.</p> <p>All PP children are heard read at least once per week through Book Club/reading intervention sessions. Reception and Year 1 children are heard read through RWI sessions daily.</p>
